Flashback By Dan Simmons

The United States is near total collapse. But 87% of the population doesn't care: they're addicted to flashback, a drug that allows its users to re-experience the best moments of their lives. After ex-detective Nick Bottom's wife died in a car accident, he went under the flash to be with her; he's lost his job, his teenage son, and his livelihood as a result.

Nick may be a lost soul but he's still a good cop, so he is hired to investigate the murder of a top governmental advisor's son. This flashback-addict becomes the one man who may be able to change the course of an entire nation turning away from the future to live in the past.

A provocative novel set in a future that seems scarily possible, FLASHBACK proves why Dan Simmons is one of our most exciting and versatile writers.

Editorial Review

Review

'This is Simmons doing detective noir with an SF sheen ... Simmons has, as ever, created a compelling, believable cast of characters, but it's not really Nick Bottom's travails that make this such a startling read. His trajectory is tightly plotted and there's an emotional undertow to his actions that's easy to empathise with, sure, but it's the world Simmons has made that's the thing here, a world that sits right next to ours and might actually be our world if we're not too careful - and it's not too late. This is a provocative, frightening book ... Flashback is a fascinating read and many, no doubt, will be outraged at what it suggests. It's a book that will stay with you days after you finish it, chewing over its implications and precedents; but it's also a thrilling detective novel with a grand compelling mystery at its centre and more heart than you might think' SFX.

'...nothing will prepare you for Flashback, a book as relentlessly compelling and unsettling as it punishing to read ... Simmons accomplishes this mood so well that it's difficult to fault the book for essentially excelling at creating atmosphere and complex history for this universe' Sci-Fi Now.

About the Author

Dan Simmons is the award-winning author of several novels, including the *New York Times* bestsellers *Olympos* and *The Terror*. He lives in Colorado.

Users Review

From reader reviews:

Christopher Rayes:

The book Flashback can give more knowledge and information about everything you want. Why then must we leave the great thing like a book Flashback? Several of you have a different opinion about book. But one aim which book can give many info for us. It is absolutely suitable. Right now, try to closer using your book. Knowledge or details that you take for that, you are able to give for each other; it is possible to share all of these. Book Flashback has simple shape but you know: it has great and massive function for you. You can appearance the enormous world by wide open and read a book. So it is very wonderful.

Esther Watson:

Does one one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Make an effort to pick one book that you find out the inside because don't assess book by its deal with may doesn't work here is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside appearance likes. Maybe you answer is usually Flashback why because the amazing cover that make you consider about the content will not disappoint an individual. The inside or content is fantastic as the outside as well as cover. Your reading sixth sense will directly assist you to pick up this book.
