### **Editorial Review**

#### Review

"Excellent book....This reviewer has never read a more straightforward and simple statement of the present ills facing our society and what we as citizens in a democracy must do about them." --Chicago Sun Times

#### From the Back Cover

In this classic about economics, freedom, and the relationship between the two, Milton and Rose Friedman explain how our freedom has been eroded and our prosperity undermined through the explosion of laws, regulations, agencies, and spending in Washington, and how good intentions often produce deplorable results when government is the middleman. The Friedmans also provide remedies for these ills--they tell us what to do in order to expand our freedom and promote prosperity.

#### About the Author

Milton Friedman is a senior research fellow at the Hoover Institution, Stanford University, and the Paul Snowden Distinguished Service Professor Emeritus of Economics at the University of Chicago. In 1976 he was awarded the Nobel Prize in economics. He has written a number of books, including two with his wife, Rose D.
