From the Author

I believe we're homesick for a version of capitalism we can trust. In my book, I have provided a strong case that companies who value people over profit are actually more profitable. If your heart is calling for a better way, I'm excited to take you on the journey to create the business world we all crave.

From the Back Cover

**Critical Question: What if valuing people over profit was actually more profitable?**

As the American marketplace becomes increasingly socially aware, businesses of all sizes are finding that profit-before-people thinking is not only antiquated--it's a liability. Socially responsible business and treating employees well is no longer fringe, no longer novel, and no longer optional.

Dale Partridge, founder of Sevenly, is living proof that new, socially conscious business models are not only imminent but also surprisingly profitable. In *People Over Profit*, he distills years of personal experience and market research into the seven core beliefs shared by consumers, starters, and business leaders who are breaking the old profit-first cycle and crushing it in the marketplace by doing good.

Hopeful and visionary by turns, *People Over Profit* marks a path for creating and sustaining the equitable world that today's consumer demands. This book provides the practical and the real, the what and the how, and the most importantly, the heart required to fuel the new marketplace revolution--the revolution your world, your conscience, and your business need you to join.
