Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration By Ling Li

Integrating theory and practices of supply chain management, this book incorporates more than 15 years of supply chain and operations management research and industry consulting experience to both government and industry firms. The coverage focuses on how to build a competitive supply chain using viable management strategies, operational models, decision-making techniques, and information technology. It includes a core presentation on supply chain management and new initiatives such as e-commerce, collaborative planning, forecasting, and replenishment (CPFR), data mining, knowledge management, and business intelligence.

Editorial Review

Users Review

From reader reviews:

Juan Higgins:

The book Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration can give more knowledge and also the precise product information about everything you want. So just why must we leave the great thing like a book Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration? Some of you have a different opinion about reserve. But one aim which book can give many information for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or info that you take for that, you could give for each other; you can share all of these. Book Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration has simple shape but you know: it has great and massive function for you. You can appearance the enormous world by open and read a guide. So it is very wonderful.

Stephanie Armstrong:

Reading a book for being new life style in this year; every people loves to learn a book. When you examine a book you can get a lot of benefit. When you read ebooks, you can improve your knowledge, simply because book has a lot of information onto it. The information that you will get depend on what types of book that you have read. In order to get information about your research, you can read education books, but if you want to entertain yourself look for a fiction books, this sort of us novel, comics, in addition to soon. The Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration provide you with new experience in reading a book.

James Sirois:

This Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration is completely new way for you who has fascination to look for some information because it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know or you who still having small amount of digest in reading this Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration can be the light food for you personally because the information inside this particular book is easy to get through anyone. These books build itself in the form and that is reachable by anyone, sure I mean in the e-book web form. People who think that in book form make them feel drowsy even dizzy this reserve is the answer. So there isn't any in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss it! Just read this e-book variety for your better life in addition to knowledge.

Mabel Maddux:

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's soul or real their interest. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Supply Chain Management: Concepts, Techniques and Practices Enhancing the Value Through Collaboration can make you truly feel more interested to read.
