An Illustrated Guide to Pediatric Surgery By Ahmed H. Al-Salem

Written in a simple point by point style for ease of use, this volume covers all aspects of pediatric surgery with emphasis on important points for diagnosis and management. Each chapter covers a topic with emphasis on the most common conditions in neonatal and general pediatric surgery. The text is well illustrated with clinical, operative, radiological, and histopathological color figures and illustrations. The book also presents some of the rare conditions encountered in pediatric surgery, as well as common pediatric urology conditions.

An Illustrated Guide to Pediatric Surgery is a useful reference to pediatric surgeons, specialists, fellows and residents, as well as general surgeons, pediatricians, neonatologists, medical students and interns interested in pediatric surgery.

Editorial Review

Review

From the book reviews:

“The objective is to provide quick access to most pediatric surgery topics for consultants, fellows, students, nurses, etc. ... Since all information is provided in bullet points, the text is simple and straightforward, and most any medical practitioner could readily use this book. ... This is a fast read with good, standard information on most pediatric surgery conditions. It will make a nice companion book in many pediatric surgery libraries” (Robert M. Arensman, Doody's Book Reviews, December, 2014)

Users Review

From reader reviews:

Pam Wright:

Do you among people who can't read enjoyable if the sentence chained in the straightway, hold on guys that aren't like that. This *An Illustrated Guide to Pediatric Surgery* book is readable by simply you who hate those straight word style. You will find the details here are arrange for enjoyable studying experience without leaving actually decrease the knowledge that want to supply to you. The writer associated with *An Illustrated Guide to Pediatric Surgery* content conveys objective easily to understand by a lot of people. The printed and e-book are not different in the written content but it just different by means of it. So , do you nevertheless thinking *An Illustrated Guide to Pediatric Surgery* is not loveable to be your top collection reading book?

Raymond Jackson:

Reading a publication can be one of a lot of tasks that everyone in the world adores. Do you like reading books consequently. There are a lot of reasons why people are fantastic. First, reading a book will give you a lot of new information. When you read a book you will get new information simply because a book is one of various ways to share the information or perhaps their idea. Second, examining a book will make you actually more imaginative. When you read through a book especially a tale fantasy book the author will bring you to imagine the story how the character types do it anything. Third, it is possible to share your knowledge to others. When you read this *An Illustrated Guide to Pediatric Surgery*, you could tell your family, friends and also soon about your book. Your knowledge can inspire the mediocre, make them read a book.

Elizabeth Acker:

Do you have something that suits you such as a book? The e-book lovers usually prefer to decide on books like comic, short story and the biggest you are novel. Now, why not strive for *An Illustrated Guide to Pediatric Surgery* that gives your fun preference will be satisfied by means of reading this book. Reading habit all over the world can be said as the opportunity for people to know the world far better than how they react when it comes to the world. It can't be said constantly that reading habit only for the geeky man or woman but for all of you who want to possibly be a success person. So, for every you who want to start reading through as your good habit, you can pick *An Illustrated Guide to Pediatric Surgery* become your current starter.

Sandra Easley:

Your reading sixth sense will not betray you, why because this *An Illustrated Guide to Pediatric Surgery* guide written by a well-known writer who really knows well how to make a book that may be understood by anyone who reads the book. Written in a good manner for you, dripping every idea and composing skill only for eliminate your current hunger then you still have hesitation *An Illustrated Guide to Pediatric Surgery* as a good book but not only by the cover but also by the content. This is one publication that can break don't judge a book by its cover, so do you still need another sixth sense to pick this kind of!? Oh come on your looking at sixth sense already said so why you have to listen to another sixth sense.
