## Concepts of Justice By D. D. Raphael

In this fascinating exploration of justice, eminent philosopher D. D. Raphael presents the culmination of a lifetime's study of its evolution, from ancient times to the late twentieth century. His aim is not just historical but philosophical: to illuminate our true understanding of justice. His unique approach examines not only classic texts by such philosophers as Plato, Aristotle, Hume, Mill, and Rawls but also the Bible and Greek tragedy, as well as some neglected but important thought from the modern era. Lucid and stimulating, this work can be enjoyed by anyone interested in moral and political thought, even by those with little to no knowledge of political theory or philosophy.
