# Inside the SPAM Cartel: By Spammer-X

By Spammer-X, Jeffrey Posluns (Editor), Stu Sjouwerman (Foreword)

Inside the SPAM Cartel: By Spammer-X By Spammer-X, Jeffrey Posluns (Editor), Stu Sjouwerman (Foreword)

Authored by a former spammer, *Inside the SPAM Cartel* is a methodical, technically explicit expose of the inner workings of the SPAM economy. Readers will be shocked by the sophistication and sheer size of this underworld.

From the author: "You may hate spam and think all spammers are evil, but listen to my story and see why I do this and more importantly, HOW."

For most people, the term "SPAM" conjures up the image of hundreds of annoying, and at times offensive, e-mails flooding their inbox every week. But for a few, SPAM is a way of life that delivers an adrenaline rush fueled by cash, danger, retribution, porn and the avoidance of local, federal, and international law enforcement agencies. *Inside the SPAM Cartel* offer readers a never-before seen view inside this dark sub-economy. You'll meet the characters that control the flow of money as well as the hackers and programmers committed to keeping the enterprise up and running. You may disagree with their objectives, but you can't help but to marvel at their ingenuity and resourcefulness in defeating spam filters, avoiding being identified, and staying one step ahead of the law.

- Spam makes up now 64% of all email sent and it is said to be the most annoying part of being online.
- You'll meet the characters that control the flow of money as well as the hackers and programmers committed to keeping the enterprise up and running.
- Authored by a former spammer, this is a methodical, technically explicit expose of the innerworkings of the SPAM economy.

Editorial Review

About the Author
Jeffrey Posluns, CISM, CISA, ISSAP, ISSMP, CISSP, SSCP, has over a decade of experience specializing in the management of technology companies, with technical expertise in the analysis of hacker tools and techniques, intrusion detection, forensics, and incident response. Having founded, co-founded, and invested in several e-commerce and security initiatives, he has served in the capacity of president, CTO, and CIO. Jeffrey speaks at seminars and conferences worldwide for corporate, law enforcement, financial, and legal audiences, where his sessions are most often described as educational and thought provoking. As one of the industry's leading security professionals, he is a dynamic, highly sought business and technology speaker, an author of multiple books and white papers, and a recognized expert in identifying trends, solving business problems, and resolving security issues for many of the nation's leading companies.

He has authored, edited, and contributed to a number of books from Syngress Publishing including Snort 2.0 Intrusion Detection (ISBN: 1-931836-74-4), the SSCP Certification Study Guide & DVD Training System (ISBN: 1-931836-80-9), and Hack Proofing Your Wireless Networks (ISBN: 1-928994-59-8), as well as having written and contributed to other technological books, white papers, financial and security-related software and toolkits. Jeffrey is also a trainer for the Certified Information Systems Security Professional (CISSP) curriculum.

Stu Sjouwerman is the President of Sunbelt Software and the publisher of W2Knews, the world's first and largest e-newsletter specifically focused on NT/W2K system managers. W2Knews has 300,000 weekly readers who have the job of keeping NT/W2K up and running in a production environments. Sunbelt has made it into the INC. 500 Magazine list of fastest-growing, privately-held companies. By 2003, Sunbelt had total revenues of $30M and Stu had co-authored three books on Windows system administration, including the bestselling Windows NT Power Toolkit. Sunbelt's most popular product is iHateSpam, which is the best selling anti-spam solution for Microsoft Exchange sites with 5,000 installations, and 250,000 end users using iHateSpam on their personal computers. Stu lives in Bellair, FL.

Users Review

From reader reviews:

Lola Taylor:

In this 21st century, people become competitive in each and every way.
