Advanced Project Management Memory Jogger: A Pocket Guide for Experienced Project Professionals By Karen Tate, PMP and Cynthia Stackpole, PMP

While the GOAL/QPC Project Management Memory Jogger (Second Edition) is your best source for projects at the individual or team level, *The Advanced Project Management Memory Jogger* is effective in assisting project management efforts at the organizational or strategic level.

This book will expand the experienced project professional's knowledge of the core concepts in project management, such as scheduling, risk, team building, communication and negotiation skills, and project control.

It also introduces more specialized and/or advanced concepts, such as reviewing performance variances and indices, creating a project management office, and tracking earned value.

Editorial Review

Review

This is a great Memory Jogger to help project and program managers fill in the details surrounding their projects or programs, in order to assure success. This guide brings many aspects together that are key to projects, yet comprise a complex collaborative initiative or set of initiatives with additional needs. Outstanding follow on to the basics. -- F.S. Buchman "Reviews"

Users Review
