Calf Rearing: A Practical Guide By John Moran

Calf Rearing is recognised as one of the most informative and accessible guides on the subject, covering growth, nutrition, health and behaviour, with descriptions of various calf raising systems and facilities.

John Moran, an expert in the field, also gives considerable coverage to calf welfare, post weaning management and calf communication. Practical economic information on feedstuffs, labour requirements and losses is provided to assist producers in selecting the most appropriate calf rearing system for their farms.

Editorial Review

About the Author

John Moran is a retired Australian senior research and advisory scientist from Victoria's Department of Primary Industries. While working for DPI, he advised both farmers in southern Australia and dairy farmers and advisers in South and East Asia. His specialist fields include dairy production, ruminant nutrition, calf and heifer rearing, forage conservation and whole farm business management. He manages his consultancy firm, Profitable Dairy Systems, and has published over 200 research papers and advisory articles and five previous books on tropical dairy farming.

Users Review
