## Computers Internet and New Technology Laws 2013 By Karnika Seth

The book is written with the clear objective of bridging the gap between the legal fraternity and technical cyber world. The author has created a unique glossary of technical and legal terms, and has used diagrams, illustrations, graphs, statistical data, landmark cases, and hypothetical examples to simplify the complex subject of cyber law. The author, from her vast practical knowledge in the field discusses the lacunae in Indian cyber law regime and makes effective recommendations to strengthen the cyber law in India. She also recommends best practices to ensure privacy and data protection on the Internet. The book will be of immense value to the judiciary, lawyers, law firms, law libraries, legislators, investigation agencies, international organizations, industry associations, e-commerce businesses, ITES companies, IT professionals, and law students.
