The Eighth Edition retains the organization of the Seventh Edition while thoroughly updating it. The first half of the casebook introduces injunctive relief, damages, restitution, and declaratory relief. The second half of the book creates opportunities to consider these four remedies in the context of tort and contract actions for various types of harm. The updates include recent United States Supreme Court cases on such topics as injunctive relief and punitive damages. New cases in the second half of the book feature such current topics as injunctions against defamatory statements and public nuisance actions against lead paint manufacturers.
