Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) From Woodhead Publishing

The safety of poultry meat and eggs continues to be a major concern for consumers. As a result, there has been a wealth of research on identifying and controlling hazards at all stages in the supply chain. Food safety control in the poultry industry summarises this research and its implications for all those involved in supplying and marketing poultry products.

The book begins by analysing the main hazards affecting poultry meat and eggs, both biological and chemical. It then discusses methods for controlling these hazards at different stages, from the farm through slaughter and carcass processing operations to consumer handling of poultry products. Further chapters review established and emerging techniques for decontaminating eggs or processed carcasses, from physical methods to the use of bacteriophage and bacteriocins.

With its distinguished editor and international team of contributors, Food safety control in the poultry industry is a standard reference for both academics and food companies.

- Reviews recent research on identifying and controlling hazards at all stages in the supply chain
- Edited by a leading expert in this hot area with contributions from a worldwide team of experts
- Identify how to meet and exceed consumers high expectations in food safety

Editorial Review

Review

Mead's detailed handling of a broad and complex subject is done in a surprisingly accessible manner. Edited by distinguished Professor Geoffrey Mead ...a respected consultant of food safety., Euro Food and Drink ...contains prodigious amounts of both scientific and applied detail, it is useful for those working in the poultry industry, for microbiological and veterinary libraries., Microbiology Today ...a standard reference recommended to both academics and members of food companies, involved in supplying and marketing poultry., Advances in Food Science

About the Author

Professor Geoff Mead, formerly of the Royal Veterinary College, UK, is internationally renowned for his research on microbiological aspects of poultry production and processing.

Users Review

From reader reviews:

Cari Sexton:

This Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) are reliable for you who want to be described as a successful person, why. The reason of this Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) can be one of several great books you must have is giving you more than just simple examining food but feed a person with information that perhaps will shock your previous knowledge. This book is actually handy, you can bring it almost everywhere and whenever your conditions both in e-book and printed ones. Beside that this Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) giving you an enormous of experience for example rich vocabulary, giving you demo of critical thinking that we realize it useful in your day action. So , let's have it and luxuriate in reading.

Marni Johnson:

Reading a e-book tends to be new life style in this era globalization. With studying you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their own reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors in this world always try to improve their expertise in writing, they also doing some research before they write to their book. One of them is this Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition).

Christina Pena:

Exactly why? Because this Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will distress you with the secret the item inside. Reading this book adjacent to it was fantastic author who write the book in such incredible way makes the content on the inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of rewards than the other book have such as help improving your proficiency and your critical thinking approach. So , still want to hold off having that book? If I were you I will go to the guide store hurriedly.

Edward Davidson:

Beside that Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) in your phone, it can give you a way to get closer to the new knowledge or details. The information and the knowledge you may got here is fresh from oven so don't be worry if you feel like an outdated people live in narrow village. It is good thing to have Food Safety Control in the Poultry Industry (Woodhead Publishing Series in Food Science, Technology and Nutrition) because this book offers to you personally readable information. Do you at times have book but you don't get what it's about. Oh come on, that will not happen if you have this in your hand. The Enjoyable blend here cannot be questionable, just like treasuring beautiful island. So do you still want to miss it? Find this book and read it from today!
