### **Racial Theories in Fascist Italy (Routledge Studies in Modern European History) By Aaron Gillette**

*Racial Theories in Fascist Italy* examines the role played by race and racism in the development of Italian identity during the fascist period. The book examines the struggle between Mussolini, the fascist hierarchy, scientists and others in formulating a racial persona that would gain wide acceptance in Italy. This book will be of interest to historians, political scientists concerned with the development of fascism and scholars of race and racism.

### **Editorial Review**

#### **Review**

Provides a new and extremely detailed exposition of the changing, and often competing, racial theories that were elaborated by Italian scientists.

–**American Historical Review**

Aaron Gillette displays an impressive command of the holdings of the massive Archivio Centrale dello Stato, as well as mastery of a large body of racist literature directly produced or sponsored by the regime. His account is nuanced, rich in detail, and attentive to shifts in the relative weight between Nordicists and Mediterraneanists.

–*Political Science Quarterly*

### **Users Review**

#### **From reader reviews:**

##### **Andrew Meadows:**

As people who live in often the modest era should be update about what going on or information even knowledge to make these keep up with the era which can be always change and advance.
