### Editorial Review

Amazon.com Review

*The Castafiore Emerald* was Hergé's third-to-last completed Tintin story, and the most unconventional. Rather than a globe-trotting adventure, it takes place completely at Marlinspike Hall, where an incapacitated Captain Haddock is being nursed back to health by an unwelcome visitor in the form of Bianca Castafiore, the "Milanese Nightingale" who then suffers a devastating loss ("Mercy, my jewels!"). It's disfavored by some fans due to the lack of action, but the locked-room mystery, character interactions, running gags, and crazy Calculus inventions keep it fun and definitely worth reading.

*Flight 714*, Hergé's second-to-last completed Tintin story, is a high adventure featuring a gallery of returning characters, though it's a new character, Laszlo Carreidas, "the millionaire who never laughs," who starts the trouble by inviting Tintin and his friends to skip their commercial flight to Sidney to accompany him on his private jet. That leads to a complicated ransom plot, and the action just gets more outlandish from there. Suspend disbelief, though, and *Flight 714* is one of Tintin's more thrilling rides.

Finished in 1976, *Tintin and the Picaros* was Hergé's final completed Tintin adventure, and interestingly, he used it to return to a scene from 40 years earlier: The South American republic of San Theodoros, where Tintin met General Alcazar in *The Broken Ear*. Alcazar is again facing trouble from his rival, General Tapioca, and numerous other characters from the past weave themselves into the story. While *Tintin and the Picaros* is entertaining, Hergé was slow to finish it, and his world-weariness is reflected in the attitudes of some of the characters.

The 3-in-1 format provides excellent value, but the small size (about 40% smaller than the single-story paperbacks) makes it harder to enjoy the detail in Hergé's layouts. --David Horiuchi
