Lies the Government Told You: Myth, Power, and Deception in American History By Andrew P. Napolitano

YOU'VE BEEN LIED TO BY THE GOVERNMENT

We shrug off this fact as an unfortunate reality. America is the land of the free, after all. Does it really matter whether our politicians bend the truth here and there?

When the truth is traded for lies, our freedoms are diminished and don't return.

In *Lies the Government Told You*, Judge Andrew P. Napolitano reveals how America's freedom, as guaranteed by the U.S. Constitution, has been forfeited by a government more protective of its own power than its obligations to preserve our individual liberties.

"Judge Napolitano's tremendous knowledge of American law, history, and politics, as well as his passion for freedom, shines through in *Lies the Government Told You*, as he details how throughout American history, politicians and government officials have betrayed the ideals of personal liberty and limited government."

?Congressman Ron Paul, M.D. (R-TX), from the *Foreword*

Editorial Review

About the Author

Judge Andrew P. Napolitano is Fox News Channel's senior judicial analyst, currently seen by millions of viewers weeknights on The Big Story and The O'Reilly Factor. Napolitano is the youngest person in New Jersey history to receive a lifetime judgeship. He is bright (graduate of Princeton and Notre Dame Law School), articulate (four times voted most outstanding professor at the two law schools at which he taught), and broadcast-experienced (as a daily fixture on Fox News Channel since 1998). He is the author of Constitutional Chaos and The Constitution In Exile.

Lies, you say, "from our government?" How about, "Your boys are not going to be sent into any foreign wars" (FDR) and "We do not torture" (Vice President Dick Cheney)? The author, who describes himself as a pro-life Catholic libertarian, was a New Jersey superior court judge and is now a Fox News analyst. He doesn't just narrate his audiobook but rather delivers it like a sermon from a legal pulpit. He singles out instances when Congress and the Supreme Court have defied our constitutional protections. Napolitano attacks "the culture in government that facilitates lying" and believes that "it challenges readers to recognize that culture, to confront it, and to be rid of it." The judge's blaring voice and authoritative jeremiads may tempt listeners to question his indictments. J.A.H. © AudioFile 2010, Portland, Maine

Users Review

From reader reviews:

Rose Nguyen:

Nowadays reading books be a little more than want or need but also be a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book which improve your knowledge and information.
