The Bart Book: The Simpsons Library of Wisdom By Matt Groening

The Bart Book, an all-new book from the new series The Simpsons Library of Wisdom.

THE SIMPSONS LIBRARY OF WISDOM

Matt Groening, the creator of The Simpsons, offers a brand-new series of portable and quotable books that will eliminate the need for all religions and philosophies, exalt man's role in the universe, and make the world a better place...sort of. No other television show in history has commented so freely and so humorously on modern times, and there seems to be no end in sight for the sharp satire and pointed parody that The Simpsons serves up every night of the week all around the world. So collect the first two volumes, The Homer Book (publishing March 2005) and The Bart Book, and witness all the wit and witticism that pass, quite rightly, for wisdom nowadays.

THE BART BOOK

The human condition, the meaning of life, the nature of the universe - it's all here in the musings of one of the century's greatest philosophers...Bart Simpson! With brilliant observations on everything from sibling rivalry, the media, and religion, the sage of Springfield explains it all to you!
