Editorial Review

Review

"Brislin (management, U. of Hawaii) identifies issues people face as they try to find job satisfaction. He uses research from psychology, management, and related fields to explain how to find more satisfaction at work, specific issues, understanding why these areas are important, and how to apply knowledge related to beliefs, leadership, group dynamics, communication, power, social skills, attitudes, decision making, worker motivation, prejudice and diversity, and personal and organizational change." - **Reference & Research Book News**

"Recommended. General readers, all levels of students, professionals." - **Choice**

"Overall, this book could serve as a good review for any manager . . . I would recommend this book to someone interested in learning more about organizational behavior or curious about general work issues. The great use of examples makes this book accessible and may make it useful to someone teaching a course in this area. . . . Brislin does successfully cover a wide range of material in an interesting and informative manner." - **PsycCRITIQUES**
