

Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility)

From Brand: Routledge

Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility) From Brand: Routledge

Since the 1990s, tourism has become a major driver of economic activity and community development in Brazil. New policies and approaches, growing expertise and investment in tourism have brought significant transformation in tourism products, destination development and community involvement. In addition Brazil will be hosting two major sport events in the years ahead, i.e. the Soccer World Cup, in 2014, and the Olympic Games in Rio de Janeiro, in 2016. Brazil offers many cultural and natural attractions but, similar to many other developing countries, it still struggles with issues such as infrastructure, accessibility, product development, service quality, market access and workforce training.

This book provides an in-depth examination of tourism in Brazil, critically reviewing its development and management. The social, economic, political and environmental contexts of this emerging global power provide an intriguing backdrop. The book considers important development issues such as the changing policy context, community benefit tourism and indigenous tourism. It explores the impacts of tourism on the environment, changing community attitudes towards tourism, transport infrastructure and sustainability issues in events. Particular segments are explored including backpacker tourism, sensual tourism, adventure tourism and ecotourism and the implications for tourism research and education are examined. The book draws from theoretical foundations and practical insights, and gives voice to Brazilian researchers who are actively engaged in researching tourism.

Drawing from cutting edge cross-cultural research, this original and timely book will be of interest to students, researchers and academics in the areas of Tourism, Geography and related disciplines.

Editorial Review

Review

"This book provides a much-needed English-language introduction to the topic of tourism in Brazil. It is straight-forward and informative and draws on the insights of both Brazilian and international scholars." – *Erin Flynn McKenna, University of Illinois at Urbana-Champaign, USA*

About the Author

Gui Lohmann is a lecturer at the School of Tourism and Hospitality Management at Southern Cross University (Australia).

Dianne Dredge is Associate Professor in the School of Tourism and Hospitality Management, Southern Cross University.

Users Review

From reader reviews:

Betty Ahlstrom:

The guide with title *Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility)* possesses a lot of information that you can learn it. You can get a lot of help after read this book. This particular book exist new information the information that exist in this publication represented the condition of the world currently. That is important to yo7u to understand how the improvement of the world. This specific book will bring you in new era of the syndication. You can read the e-book on your smart phone, so you can read that anywhere you want.

Tammy Ely:

People live in this new morning of lifestyle always aim to and must have the extra time or they will get large amount of stress from both daily life and work. So , if we ask do people have time, we will say absolutely without a doubt. People is human not a robot. Then we inquire again, what kind of activity are there when the spare time coming to you of course your answer may unlimited right. Then ever try this one, reading publications. It can be your alternative within spending your spare time, the particular book you have read is usually *Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility)*.

Candice Sharkey:

Reading a book to get new life style in this 12 months; every people loves to study a book. When you learn a book you can get a lots of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information into it. The information that you will get depend on what types of book that you have read. If you wish to get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, these us novel, comics, in addition to soon. The Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility) provide you with a new experience in reading through a book.

Kristine Toomey:

As a scholar exactly feel bored in order to reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Tourism in Brazil: Environment, Management and Segments (Contemporary Geographies of Leisure, Tourism and Mobility) can make you really feel more interested to read.
