## **Editorial Review**

From the Back Cover

Statistical Methods, 2nd Edition builds a foundation for readers to communicate effectively with professional statisticians and computer programmers who will likely perform much of the statistical analyses they will encounter in their careers. Freund & Wilson equip readers with the insight to recognize appropriate experimental designs, correct methods of analyses, and to arrive at practical conclusions after interpreting statistical results.

"The reading matter and illustrations are engaging because the authors bring in many up-to-date, real-life examples." ?Dr. E.D. McCune, Stephen F. Austin State University, Texas
