You Have More Than You Think: The Motley Fool Guide To Investing What You Have By David Gardner, Tom Gardner

First they showed the ordinary investor how to boat Wall Street's wise men. Now those Foolish financial whizzes offer all readers -- no matter how much money they have -- smart, sassy advice on how they call find the best investments that will consistently beat the market -- whether they have \$50 or \$50,000 to invest. "We love everything about The Motley Fool ... the sound advice, the tongue-in-cheek tone, and the intelligence that pervades everything", raved NetGuide. "The Motley Fool is special" proclaimed the Detroit News, "the Fools have built a dedicated following with their irreverent and savvy style and their portfolio has consistently outperformed Standard & Poor's". The Motley Fool Investment Guide spent more than three months on the New York Times bestseller list and soared to number one on the Business Week chart. In *You Have More Than You Think*, David and Tom Gardner follow that runaway bestseller with a second handbook for all of us who can't seem to get a grip on our finances, or figure out how to build a nest egg for the future. Here the Gardner brothers introduce us to the information revolutions newest tools and the latest techniques that they -- and the myriad Fools who have contributed to the success of The Motley Fool on-line -- have developed. It doesn't matter how much money you have. *You Have More Than You Think* will help you outperform the wisest of the Wall Street investment firms every time.

Editorial Review

Amazon.com Review

Motley Fools David and Tom Gardner initially made their mark by offering humorous but savvy investment advice online. They leapt out of the virtual world with their first book, *The Motley Fool Investment Guide*, which spent several months on the *New York Times* bestseller list. The Foolish ones are back in print with *You Have More Than You Think: The Motley Fool Guide to Investing What You Have*. It goes beyond the standard specifics on stocks and mutual funds to tackle overall financial issues in the typical Motley manner. The Gardners show readers how to tidy up their finances (trimming credit card debt, spending more wisely on big-ticket items) before delving into the nuts-and-bolts of traditional investing.

From Library Journal

This sequel to the wildly popular *The Motley Fool Investment Guide* (S. & S., 1996) updates some of its previous information while offering a practical and humorous route to investing. (The original book continued to remain on best sellers lists through most of 1998.)

Copyright 1999 Reed Business Information, Inc.

From [Booklist](#)

Two brothers follow up their best-selling *The Motley Fool Investment Guide* (1996) with a more basic guide to saving and investing. While their earlier work considered topics such as the Dow dividend strategy, selling short, and small-cap growth stocks, the Gardners now preach the simple message that putting long-term savings into the stock market is ultimately the most rewarding and safest way to prepare for one's financial future. Just now discount broker Charles Schwab is making the same pitch with his own *Guide to Financial Independence*, but the Gardners and Schwab will appeal to widely different audiences. The Gardners are hip and irreverent, and their tips on how to get started investing and how to choose stocks target a new generation of investors. Not only is their advice helpful, but their frequent asides are wildly entertaining. Their dedicated fans have helped make the Motley Fool site on America Online one of cyberspace's most visited, but, given the popularity of the Gardners' first published effort, these devotees also apparently buy books. *David Rouse*

Users Review

From reader reviews:

Nathan Herr:

Nowadays reading books be a little more than want or need but also become a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book which improve your knowledge and information.
