By Martin Hill, Alex Liakos, David Sales, Kathy Bouricot

Clinical Medicine (Oxford Assess and Progress) By Martin Hill, Alex Liakos, David Sales, Kathy Bouricot

Oxford Assess and Progress is a new and unique revision resource for medical students. Written and edited by clinicians and educational experts the series provides an array of popular assessment questions and extra features, including bonus online questions, to be truly fit for purpose and assessment success!

Medical students will benefit from a comprehensive selection of Single Best Answer Questions and Extended Matching Questions designed to test understanding and application of core medical topics. Key professional themes such as decision making, communication and ethics are also teased out to ensure complete revision coverage. Editorials in each chapter unlock difficult subjects.

Ideal companions to the best-selling *Oxford Handbooks* these excellent self-assessment guides can also be used entirely independently. *Oxford Assess and Progress: Clinical Medicine* doesn't simply reveal the correct or wrong answer. Readers are directed to further revision material via detailed feedback on why the correct answer is best, and references to the *Oxford Handbook of Clinical Medicine* and resources such as journal articles. Each question is rated out of four possible levels of difficulty, from medical student to junior doctor.

Carefully compiled and reviewed to ensure quality, students can rely on the Oxford Assess and Progress series to prepare for their exams.

60 Photographs, line drawings and ECGs

Online Resource Centre

http://www.oxfordtextbooks.co.uk/orc/liakos_hill/

Bonus questions will be released monthly in the run up to final medical examinations.

Editorial Review

Review

"A wide-ranging and comprehensive set of self-assessment questions, focusing on common and important clinical problems. Allows coverage of a much broader range of topics than any standard text could manage in such a concise framework." --Dr Michael Schachter, Imperial College London

"A great new question book with easy links to your trusted handbook favourites. With the answers explained, this book not only tests you but gives you feedback too!" --Laura May, Medical student

About the Author

Editors of *Clinical Medicine*:

Martin Hill is currently a GP trainee in the Wessex Deanery. Before his medical degree he worked as a pharmacist in hospital and community practice. Since qualification, he has developed an undergraduate teaching programme including a mock OSCE and worked as an item writer for Fitness to Practice assessments for the General Medical Council.

Alex Liakos is a trainee in core medicine working in the London Deanery. After an initial arts degree, he had previously worked in television production for the BBC. He has since been an item writer for Fitness to Practice assessments for the General Medical Council and is currently involved in a range of local education projects for foundation trainees.

Series Editors:

Katharine Boursicot is a Reader in Medical Education and Deputy Head of the Centre for Medical and Healthcare Education at St George's, University of London. Previously she was Head of Assessment at Barts and The London, and Associate Dean for Assessment at Cambridge University School of Clinical Medicine. She is consultant on assessment to several UK medical schools, Royal Medical Colleges and international institutions as well as the General Medical Council PLAB Part 2 Panel and Fitness to Practise clinical skills testing.

David Sales is a general practitioner by training who has been involved in medical assessment for over 20 years, having previously been convenor of the MRCGP knowledge test. He has run item writing workshops for a number of undergraduate medical schools, medical royal colleges and internationally. For the General Medical Council currently he chairs the Professional and Linguistic Assessments Board Part 1 panel and is their consultant on fitness to practise knowledge testing.

Users Review

From reader reviews:

Alyson Hardy:

In this 21st hundred years, people become competitive in each and every way. By being competitive at this point, people have do something to make them survives, being in the middle of typically the crowded place and notice through surrounding. One thing that at times many people have underestimated the item for a while is reading. Yep, by reading a book your ability to survive enhance then having chance to stand than

other is high. For you who want to start reading a book, we give you this particular Clinical Medicine (Oxford Assess and Progress) book as beginner and daily reading publication. Why, because this book is greater than just a book.

Lurline Silvester:

The guide untitled Clinical Medicine (Oxford Assess and Progress) is the guide that recommended to you you just read. You can see the quality of the guide content that will be shown to a person. The language that writer use to explained their way of doing something is easily to understand. The writer was did a lot of investigation when write the book, to ensure the information that they share for you is absolutely accurate. You also could get the e-book of Clinical Medicine (Oxford Assess and Progress) from the publisher to make you considerably more enjoy free time.

Tony Valdez:

Your reading 6th sense will not betray an individual, why because this Clinical Medicine (Oxford Assess and Progress) book written by well-known writer whose to say well how to make book that can be understand by anyone who all read the book. Written inside good manner for you, leaking every ideas and creating skill only for eliminate your own personal hunger then you still doubt Clinical Medicine (Oxford Assess and Progress) as good book not only by the cover but also from the content. This is one reserve that can break don't assess book by its handle, so do you still needing one more sixth sense to pick this!? Oh come on your looking at sixth sense already alerted you so why you have to listening to a different sixth sense.

Anthony Martin:

Many people spending their time frame by playing outside along with friends, fun activity along with family or just watching TV the entire day. You can have new activity to pay your whole day by studying a book. Ugh, think reading a book can really hard because you have to use the book everywhere? It fine you can have the e-book, getting everywhere you want in your Smart phone. Like Clinical Medicine (Oxford Assess and Progress) which is having the e-book version. So , try out this book? Let's observe.
