Excursions in Modern Mathematics (8th Edition)

By Peter Tannenbaum

Excursions in Modern Mathematics (8th Edition) By Peter Tannenbaum

NOTE: This book DOES NOT include an Access Code

Excursions in Modern Mathematics introduces you to the power of math by exploring applications like social choice and management science, showing that math is more than a set of formulas. Ideal for an applied liberal arts math course, Tannenbaum's text is known for its clear, accessible writing style and its unique exercise sets that build in complexity from basic to more challenging. The **Eighth Edition** offers more real data and applications to connect with today's readers, expanded coverage of applications like growth, and revised exercise sets.

Editorial Review

About the Author

Peter Tannenbaum earned his bachelor's degrees in Mathematics and Political Science and his PhD in Mathematics from the University of California–Santa Barbara. He has held faculty positions at the University of Arizona, Universidad Simon Bolivar (Venezuela), and is professor emeritus of mathematics at the California State University–Fresno. His research examines the interface between mathematics, politics, and behavioral economics. He has been involved in mathematics curriculum reform and teacher preparation. His hobbies are travel, foreign languages and sports. He is married to Sally Tannenbaum, a professor of communication at CSU Fresno, and is the father of three (twin sons and a daughter).

Users Review

From reader reviews:

Johnny Mosier:

This Excursions in Modern Mathematics (8th Edition) is great book for you because the content which can be full of information for you who always deal with world and get to make decision every minute. This specific book reveal it facts accurately using great organize word or we can say no rambling sentences included. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but hard core information with attractive delivering sentences. Having Excursions in Modern Mathematics (8th Edition) in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no e-book that offer you world throughout ten or fifteen small right but this book already do that. So , this really is good reading book. Heya Mr. and Mrs. busy do you still doubt which?

Ruth Barnett:

Many people spending their moment by playing outside along with friends, fun activity together with family or just watching TV the whole day. You can have new activity to pay your whole day by examining a book. Ugh, you think reading a book will surely hard because you have to use the book everywhere? It okay you can have the e-book, taking everywhere you want in your Smartphone. Like Excursions in Modern Mathematics (8th Edition) which is obtaining the e-book version. So , try out this book? Let's observe.

Travis McDonald:

This Excursions in Modern Mathematics (8th Edition) is completely new way for you who has interest to look for some information since it relief your hunger associated with. Getting deeper you into it getting knowledge more you know or you who still having bit of digest in reading this Excursions in Modern Mathematics (8th Edition) can be the light food for you because the information inside this particular book is easy to get by means of anyone. These books create itself in the form which can be reachable by anyone, yep I mean in the e-book application form. People who think that in guide form make them feel tired even dizzy

this reserve is the answer. So there is not any in reading a guide especially this one. You can find what you are looking for. It should be here for you. So , don't miss the idea! Just read this e-book kind for your better life and also knowledge.

Linda Cooper:

Reading a e-book make you to get more knowledge from the jawhorse. You can take knowledge and information from your book. Book is created or printed or created from each source in which filled update of news. On this modern era like at this point, many ways to get information are available for you actually. From media social including newspaper, magazines, science book, encyclopedia, reference book, story and comic. You can add your understanding by that book. Isn't it time to spend your spare time to open your book? Or just seeking the Excursions in Modern Mathematics (8th Edition) when you needed it?
