### J.J. Pizzuto's Fabric Science 9th edition By Allen C. Cohen, Ingrid Johnson

In response to universal requests by faculty and students, Fairchild Books has returned the Fabric Science textbook to its original three ring binder format. With the increasing emphasis on textiles as a major global industry, Fabric Science, 9th Edition, continues the long tradition of meeting the needs of both students and professionals in the textile, fashion, and related industries. The best-selling introductory text is for students and professionals who need a solid understanding of basic textiles. In this new edition, Cohen and Johnson address the effect of textiles and textile products on the environment throughout the text as well as a standalone chapter. They address the variety of career opportunities in the design, production, marketing, and merchandising of textiles, apparel, and home products associated with the world of textiles. New chapter Textiles and the Environment and discussions throughout the text on the effect of textiles and textile products on the environment New section entitled Industrial Fabrics focusing on fabrics engineered to meet special performance requirements such as seat belts (transportation), bandages (medical), protective clothing (safety), inflatable building (construction) Pronunciations of fiber names in other languages Four-color throughout including new and revised line drawings New section Speaking of Textiles includes list of phrases relating to textiles and textile products used specifically in the industry More comprehensive coverage of nanotechnology CD-ROM includes study questions to encourage direct application of the material covered and assignments to provide a learning experience with practical industry application

### **Editorial Review**

#### **About the Author**

Allen C. Cohen is Professor Emeritus of Textile Science at the Fashion Institute of Technology (FIT) where he taught for 30 years and held positions including Director of Research and Chairman of the faculty association. He has been a lecturer of seminars for textile, apparel and retail executives and has authored three textbooks. Cohen's industry experience includes positions in textile production and sales as well as textile design. He has served as a commercial arbitrator for the American Arbitration Association as well as an industry consultant.

Ingrid Johnson, MA, ITAA, is a Full Professor at the Fashion Institute of Technology (FIT), where she has been Chair and a member of the Textile Development and Marketing Department as well as acting vice president for academic affairs for the institution and acting chair of the Home Products Department. She holds a BS in Textile Design from Philadelphia College of Textiles and Science and a MA in Textiles from North Carolina State University. With more than 30 years of experience in the textile industry, Johnson has lectured both in the United States and internationally and is frequently sought by the media to offer commentary on textiles and industry trends, including Money Line with Lou Dobbs, the Wall Street Journal, Wired, and Glamour magazines, NPR, Martha Stewart Radio and others.

### **Users Review**
